

It's Foolish to Suffer

You may be brave enough to stand backache, or headache, or dizziness. But if, in addition, urination is disordered, look out! If you don't try to fix your sick kidneys, you may fall into the clutches of kidney trouble before you know it. But if you live more carefully and help your kidneys with Doan's Kidney Pills, you can stop the pains you have and avoid future danger as well.

An Ohio Case

J. C. Bahr, butcher, W. Main, Lebanon, Ohio, says: "I was in bed for three months, suffering from rheumatic pains and I often wished that death might end my misery. My food, sweetened and my body was tender and sore. The best doctors were puzzled. I soon improved on taking Doan's Kidney Pills. In a short time I was able to go back to work, in good health."

SYRUP OF FIGS FOR A CHILD'S BOWELS

It is cruel to force nauseating, harsh physic into a sick child.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Adv.

Croup Relieved in Fifteen Minutes

No need to dose delicate little stomachs with nauseous drugs or alcoholic syrups. Simply rub a little Vicks' "Vapo-Cubeb" Salve over the throat and chest. The vapors inhaled loosen the tough, choking phlegm and ease the difficult breathing. One application at bedtime insures a sound night's sleep. 25c, 50c, or \$1.00.

ANURIC!

The Newest Discovery in Chemistry

This is a recent discovery of Dr. Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Dr. Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

TRADE REVIVAL IN WESTERN CANADA

Not a Myth but an Actuality
Shown in the Returns of Agricultural Statistics and Every Department of Trade and Commerce.

The trade revival in Manitoba, Saskatchewan and Alberta is an actuality and not a myth. There is today a spirit of optimism in the air, just as two years ago there prevailed the opposite spirit of pessimism.

A general trade revival has been felt in every department of business in the Prairie Provinces. The agriculturists are in better shape than they have ever been before in their lives. No farmers of any country are in better financial condition and in a more general state of prosperity than are the farmers of Manitoba, Saskatchewan and Alberta. The farmers have harvested a record crop—a crop which enriches them to the extent of something over \$400,000,000.

In the cities the prosperity of the country has been reflected. Everywhere business is on the hustle. The wholesalers and the retailers and the implement dealers find business good. The banks and other collection houses find collections satisfactory, and financial men declare that westerners are paying up their debts. In Winnipeg the bank clearings have been the largest in history, exceeding some weeks the figures of Montreal and Toronto. The grain shipments have been the biggest in the history of Winnipeg and in the history of the twin ports, Fort William and Port Arthur. The mail order houses have had a big year, the rush of fall orders exceeding all previous years and taxing the capacity of these establishments, whose most sanguine expectations have been exceeded by the actual business done.

The tide has turned in western Canada. The people of the West are forging ahead, forging ahead in actual production and in creation of wealth, giving generously to charitable and other funds, paying up their back debts, while going along carefully as regards any creation of new debts. They are economizing but not scrimping, acting cautiously but not miserly. The financial heads of eastern Canada, of the United States and of Europe are rather than their erstwhile opponents, rather they are their complements. The financial press recognizes that the tide has turned in western Canada and it has been published to the world.

The condition of western Canada at the close of 1915 is one of optimistic prosperity, backed by the same determination of western people to go on increasing their productivity and maintaining the records which they have already established.

The trade revival of western Canada is the happiest feature in the business survey of the whole Dominion for 1915 and in the outlook for 1916.—Advertiser.

'FARMERS' WEEK AT THE OHIO STATE UNIVERSITY

AN INTERESTING PROGRAM PREPARED BY COMPETENT AGRICULTURAL AUTHORITIES.

Western Newspaper Union News Service.

On Monday, Jan. 31, begins the eighth annual Ohio State Corn Show, which will be in session the first five days of the week, or up to and including Friday, Feb. 4. This will be the fourth annual farmers' week held at the Ohio State university and the program that has been prepared insures the visitors a week of interesting and instructive talks which will greatly increase their ability to produce larger and better crops, as well as to build up their farming land.

In a word "Farmers' Week" is an annual winter round-up of the progressive agricultural interests of the state for the betterment of conditions surrounding the country farms and to materially assist the farmer in his efforts for better crops by lectures and demonstrations given by men who have made scientific farming a study for years and whose advice is therefore competent and reliable. A series of 60 or more demonstrations and lectures will be given dealing with soil fertility, farm crops, fruit growing, dairying, rural economics, live stock breeding, rural engineering, forestry, and home economics. Under these heads the whole field of agriculture will be dealt with by a long list of leading farm authorities.

Agricultural men of national reputation from all over the country will be present and will deliver interesting talks. Prof. Alfred Vivian, dean, college of agriculture, who in his "Farmers' Trip Around the World," travelled 42,000 miles, will be one of the most prominent speakers, and more than 800 pictures of foreign farm scenes, photographed by Prof. Vivian himself, will be shown in the course of his lectures. There will also be an Ohio State Dairyman's association, Ohio Vegetable Growers' association and Live Stock Breed club meetings during the week which will add effectively to the program of entertainment provided for. A large crowd of enthusiastic farmers is expected and the agricultural men all over the state are urged to be present and assist in the good work.

TAKE SALTS TO FLUSH KIDNEYS IF BACK HURTS

Says Too Much Meat Forms Uric Acid Which Clogs the Kidneys and Irritates the Bladder.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

BILIOUS, HEADACHY, SICK "CASCARETS"

Gently cleanse your liver and sluggish bowels while you sleep.

Get a 10-cent box.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months. Adv.
